

AP SERIES

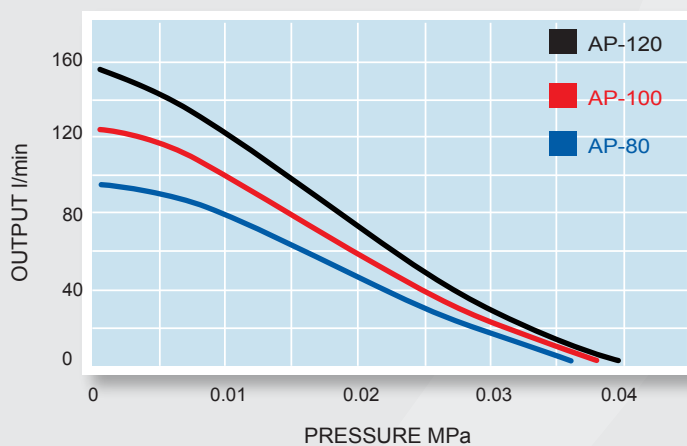

DIAPHRAGM AIR PUMPS

- Compact, high-quality diaphragm air pump • Aerated wastewater treatment
- Aquarium aeration
- Large air quantity at maximum air pressure

FEATURES

- Compact, IPX4 rated aluminium alloy construction
- Double-damping system and noise-absorbing function
- Duplex diaphragm configuration – enables a large quantity of air production at maximum pressure
- Non-oil lubricated design
- Facilitation of quick heat dissipation
- Long service life and low energy consumption
- Unique rubber diaphragm composition ensures steady air output
- Uncompromised high performance, with a low noise output

TECHNICAL DATA

Model	Power	Voltage	Frequency	Common Pressure	Maximum Pressure	Noise	Weight	Dimensions W x D x H
AP-80	60W	240V	50Hz	0.012 Mpa	>0.035 Mpa	40dB	7.00 kg	210x185x171mm
AP - 100	80W	240V	50Hz	0.015 Mpa	>0.038 Mpa	40dB	7.95 kg	238 x196x177mm
AP - 120	90W	240V	50Hz	0.018 Mpa	>0.038 Mpa	45dB	9.50 kg	265x215x198mm
